

A GUIDE FOR CANADA'S VETERANS

TO ACCESS SPECTRUM THERAPEUTICS™
MEDICAL CANNABIS

INTRODUCTION

We are honoured to support Canadian Veterans and those still serving. Spectrum Therapeutics recognizes how important it is for Canadian Veterans to have a clear understanding of the financial support services available to them. This guide provides you with the information and resources you need to understand what you can expect from Spectrum Therapeutics, how Spectrum Therapeutics works with Veterans Affairs Canada (VAC), and the types of Spectrum Therapeutics products available to you as part of our Veteran Care Program.

COMPLETELY COVERED

- 

5 SPECTRUM THERAPEUTICS GIVES BACK
TO THE VETERAN COMMUNITY

- 

6 COMPASSIONATE PRICING FOR INJURED
ACTIVE MILITARY PERSONNEL

*The difference is covered when used in combination with the \$300 VAC vapourizer credit, once qualified.

WE’RE HONOURED AND COMMITTED
TO SUPPORTING CANADA’S VETERANS WITH
ACCESS TO MEDICAL CANNABIS

DEDICATED CUSTOMER SUPPORT **EXCLUSIVELY FOR VETERANS**

Expect Priority Customer Support Right From the Start

At the heart of Spectrum Veteran Care is a dedicated and specially trained team of Veteran Care agents who provide Veterans with exclusive support.

Our entire Customer Care Team has been trained to receive Veterans' orders by phone. Your call will be answered quickly and as a priority. Should a challenge arise, our Veteran Care agents are standing by to help.

Veteran Care agents work to expedite the paperwork required by Veterans Affairs Canada and arrange direct billing, so that you can order products as soon as possible.

We've Got You Fully Covered

Priority registration

Our Veteran customers are always prioritized at Spectrum Therapeutics. This means you'll be ready to start ordering right away.

24-hour registration*

Register anytime. When you're ready, so are we.

Liaise with VAC

We submit your documents to VAC for you and follow up on your behalf, as often as we need to in order to ensure the process runs quickly and smoothly.

Send you notifications

We'll keep you informed about your interim coverage, work to secure the right documents, and notify you about any coverage decisions. As soon as you're eligible to order, we'll reach out to let you know.

*24-hour registration is available for Veterans who have submitted all required and valid documents to us.

**VETERAN CARE AGENTS
ARE THERE FOR YOU**

PRE-APPROVAL AND DIRECT BILLING

Spectrum Veteran Care Makes the Set-up of Direct Billing Hassle Free.

It's that simple.

Once you have provided the required documentation* and we have it on file, Spectrum Therapeutics will cover the cost of your orders until VAC confirms your coverage. This ensures you'll receive your medical cannabis right away, without paying out of pocket.

**Experience lightning-fast
pre-approval, direct billing,
and immediate, uninterrupted
coverage†**

*As long as we have the correct and required documentation on file, including your Medical Document, Registration Form, Consent to Disclose Form, and Summary of Assessment.

†3-gram limit until coverage has been confirmed by VAC.

THE SPECTRUM STORZ & BICKEL VAPOURIZER PROGRAM

Choose a Fully Covered Premier Vapourizer Made by STORZ & BICKEL

Every 3 years, Veterans are eligible for a \$300 credit toward a vapourizer. With Spectrum Therapeutics, you get access to an entire suite of the best vapourizers on the market. Even if the cost exceeds your \$300 credit—we'll pay the difference. In the Spectrum Therapeutics online store, you can access the only vapourizers approved by Health Canada.

The STORZ & BICKEL premier vapourizers are approved as medical devices by Health Canada.

If the cost exceeds your \$300 credit—we'll pay the difference. For a full list of vapourizers available from Spectrum Therapeutics, visit [SpectrumTherapeutics.com](https://www.spectrumtherapeutics.com).

STORZ & BICKEL GMBH & CO. KG

There may be health risks associated with vaping that are not fully known or understood. Refer to Health Canada for risks of vaping:
<https://www.canada.ca/en/services/health/campaigns/vaping.html>
Subject to change at the sole discretion of Spectrum Therapeutics.

EXPECT NO LESS THAN PREMIUM WITH STORZ & BICKEL VAPOURIZERS

The STORZ & BICKEL vapourizers use combined conduction and convection heating for big vapour clouds from the first draw.

Full temperature control allows for cooling the vapour before inhalation.

**Spectrum Therapeutics is
the only Licensed Producer
to offer fully covered
STORZ & BICKEL vapourizers**
in conjunction with the VAC vapourizer credit

STORZ & BICKEL GMBH & CO. KG

HISTORY OF STORZ & BICKEL

Powerful vapour cooling and heat management
deliver a pleasantly low draw-resistance

2014
The launch of the best portable dry herb vapourizers—the MIGHTY and the CRAFTY—that revolutionized the market. To this day, their performance remains unmatched by competitors.

2010
The release of the first medical cannabis vapourizer in the world—the VOLCANO MEDIC. It was considered the industry gold standard for vapourizing medical cannabis and was the first vapourizer proven to produce no combustion contaminants.

2002
Markus and Jürgen became business partners and founded the company known today as STORZ & BICKEL GmbH & Co. KG.

2000
Markus sold his first VOLCANO vapourizer and then sold two to an old friend, Jürgen Bickel, a civil engineer.

1996
Markus Storz was captivated by the knowledge that herbs do not necessarily have to be burned in order to release their active ingredients. He built himself a vapourizer, but it was cumbersome to use. He wanted to simplify the experience.

STORZ & BICKEL is an ISO 13485
certified medical device manufacturer
and follows the highest quality
standards in every area of operation

Manufactured in
Tuttlingen, Germany

Patented heating technology used in the VOLCANO, the MIGHTY,
and the CRAFTY provide rich vapour clouds from the first draw

2016
STORZ & BICKEL released the medically certified MIGHTY MEDIC. Both the VOLCANO MEDIC 2 and the MIGHTY MEDIC are currently approved for the therapeutic inhalation of cannabinoids in Europe, Canada, Israel, Australia, and New Zealand.

2018
STORZ & BICKEL was acquired by Spectrum Therapeutics' parent company, Canopy Growth Corporation. This decision united the world's leading vapourizer brand with the leading Licensed Producer in Canada.

“ACCESS TO CANOPY GROWTH’S EXTENSIVE PORTFOLIO OF TEST LABORATORIES
AS WELL AS PHARMACEUTICAL AND MEDICAL-SCIENTIFIC KNOW-HOW
OPENS UP ENTIRELY NEW PRODUCT DEVELOPMENT OPPORTUNITIES.”

Jürgen Bickel, CEO, Storz & Bickel

ALL MEDICAL CANNABIS FORMATS ARE COMPLETELY COVERED

Take Your Pick from a Wide Selection Across Multiple Brands

Once you have been approved for coverage by VAC, you can order any Spectrum Therapeutics medical cannabis product that VAC covers without paying out of pocket. This includes all brands that appear in the shop, including:

TOKYO SMOKE

HOUSEPLANT

No Product Restrictions

If there is a cost difference beyond the VAC reimbursement rate of \$8.50 per gram, we will cover it on all of our medical cannabis products available in store.

No Order Limits

At Spectrum Therapeutics, there are no limits on your order quantities as long as it's consistent with your Medical Document.*

SPECTRUM THERAPEUTICS GIVES BACK TO THE VETERAN COMMUNITY

Community Support

At Spectrum Therapeutics, we focus on listening to Veterans, so we can better understand how we can be of greatest support. We are dedicated to donating and giving back to Veteran community organizations to aid in program delivery and services that Veterans need **through financial support and raising awareness** of the issues facing Veterans and their families every day.

Veterans Educating Veterans

There is an ongoing need for education about medical cannabis, how to get assessed, and what to expect. So, Spectrum Therapeutics supports Veterans educating Veterans. We help Veteran educators share their stories and their knowledge about medical cannabis. We are always there to support you along the way.

For more information and to see our community support group spotlight, visit our veteran website:
spectrumtherapeutics.com/canada/en/patients/veterans

We Are Committed to Growing and Strengthening the Communities We Serve

Every quarter, we donate to a Veteran community organization to aid in program delivery and services that Veterans need.

COMPASSIONATE PRICING FOR CANADIAN VETERANS

We Support All Canadian Veterans and Still-Serving Members

Any still-serving military member or Veteran without a K number, who has been authorized to use medical cannabis, will receive 20% off all medical cannabis products in the Spectrum Therapeutics store*.

**THANK YOU FOR
YOUR SERVICE
TO OUR COUNTRY**

GET TO KNOW
SPECTRUM THERAPEUTICS

We believe that medical cannabis should be consistent, affordable, and of the highest quality. Our ongoing research and innovation ensure we continue to deliver a range of lab-tested cannabis products, grown to the industry’s highest standards, that may help improve quality of life for those affected by acute and chronic illness.

Plus, we’re trying to make things easy—each colour in the framework represents a product category based on THC and CBD content. Depending on your needs, you may use a product containing THC, CBD, or a mixture of both.

- Red products are THC-dominant with low levels of CBD
- Blue products have a more balanced ratio of THC and CBD
- Yellow products are CBD-dominant with low levels of THC

Tweed

TWEED IS ONE OF THE MOST RECOGNIZED CANNABIS BRANDS IN THE WORLD.

It has built a large and loyal following by focusing on quality products and meaningful customer relationships. Tweed doesn't just sell cannabis; it facilitates a conversation about a product we've all heard about but haven't met intimately yet.

TOKYO SMOKE

Tokyo Smoke is an award-winning, design-focused company that seamlessly blends the best of cannabis with high-quality material. Tokyo Smoke is built on a core belief that intentional cannabis usage can better people's lives.

DOJA is a Licensed Producer based in British Columbia's picturesque Okanagan Valley, where DOJA proudly grows premium, handcrafted flower. Born with a rebellious spirit and respect for the land, DOJA always stays true to its West Coast roots, proudly representing those "Of a Different Strain."

THE STORY OF HOUSEPLANT STARTS WITH ITS FOUNDERS.

Their work has helped bring cannabis to the forefront of culture, while de-stigmatizing outdated notions about the plant. Houseplant is continuing this work with a relentless focus on the highest-quality products that allow people to trust, try, and enjoy cannabis in the format that’s right for them. Houseplant has a sincere love for cannabis and thinks it should be treated with the reverence it deserves. They are on a mission to enhance people’s lives through curating quality products that elevate cannabis and its surrounding culture.

HOUSEPLANT™

This packaging image is for illustration purposes only and differs from product packaging sold at retail.

We believe there is a place for producers big and small in the cannabis sector, and we are putting action to our words. Our approach with CraftGrow is to establish a diverse online marketplace for legal medical cannabis products. People can seamlessly access Canada’s leading cannabis brands with one medical document, rather than being tied to a single producer. For new producers, having access to the largest group of registered patients in the country can go a long way toward building brand awareness. It is also our way of supporting expedited speed to market for newly Licensed Producers. CraftGrow partnerships represent a win-win-win model for Canadian patients, the CraftGrow partners, and Spectrum Therapeutics.

THE SCIENCE OF WORLD-CLASS CANNABIS

DNA has partnered with us to ensure that all their knowledge and experience are put to good use as we continually improve the growing and curing processes. Working with DNA, we continually develop and breed new strains for customers that simply aren’t available anywhere else in the world. Customers can expect products that are bred and grown to the standards the world expects from DNA genetics.

JUJU POWER™ BUNDLE

JUJU Power™ is a rechargeable and compact cannabis extract vape battery that is designed to be compatible with 510-threaded cannabis vape cartridges. It has buttonless activation and an LED power status indicator.

HOW TO MAKE SPECTRUM THERAPEUTICS YOUR LICENSED PRODUCER

It's easy to register with us

- 1 Ask your healthcare professional to submit a Medical Document to us on your behalf.
- 2 Complete your Registration Form online at **SpectrumVeteranCare.com**.
- 3 Submit your Consent to Disclose Form to Spectrum Therapeutics, also online at SpectrumVeteranCare.com.

We will confirm your eligibility with VAC and then notify you.
Please note that approval from VAC can take about 2 to 6 weeks.

We've got you covered with pre-approval access

While you wait for VAC to approve your coverage, you can order up to 3 grams a day from us via direct billing—and we'll cover the cost.

We can provide pre-approval to Veterans who send us the following information:

- ✓ A valid Medical Document and Registration Form.
The diagnosis on the Medical Document must match the Summary of Assessment or Official Decision letter
- ✓ A Summary of Assessment or Official Decision letter
- ✓ A valid VAC K number
